

EIHA Conference 2020

Company: HANF FARM GmbH

Speaker: Rafael Dulon

Title: Hemp farming in Central Europe – challenges and chances

Topics: Hemp farming, CAP, IBO, agricultural cooperatives

Mr, Rafael Dulon has 25 years of hemp farming experience.

He will describe the challenges and chances for hemp agricultural business in Central Europe. Most current topics like CAP reform, IBO and seed varieties will be covered.

HANF FARM is the leader in organic hemp cultivation and processing in Central Europe. As a large-scale cultivator and global supplier, HANF FARM is prepared to meet the demands of the rapidly growing hemp food industry, delivering products and services to leading companies worldwide. The company is also the developer of hemp harvesting and processing technology, most notably the MCHC 3400, a revolutionary combine.
