23rd EIHA Conference JUNE 10-12 | 2026 Poznan, Poland

Event Focus and Highlights:

EIHA Members Meeting will be held on **June 10**, preceding the two-day conference.

The conference will address the most critical topics shaping the future of industrial hemp, with a specific focus on hemp composites, textile, construction, food, feed, and cosmetics.

Products and Technologies: Discover cutting-edge innovations driving the development and commercialization of hemp-based solutions.

Policy and Regulation: Gain insights into evolving regulatory frameworks and their impact on the European and global hemp industry.

Value chain development: Learn about how the hemp farming and processing is expanding throughout Europe.

This conference is presented in partnership with the **Institute of Natural Fibres and Medicinal Plants (IWNiRZ)**, a leading Polish research institution established in 1930. The event will feature expertise from the Institute's renowned Polish Hemp Program (polishhempprogram.com).
